ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received electronically at the Board of Patent Appeals and Interferences on November 17, 2006. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being electronically returned to the examiner. The matters requiring attention prior to docketing are identified below:

An examination of the Image File Wrapper (IFW) reveals that an Appeal Brief was filed on March 3, 2006.

In pertinent part, 37 CFR § 41.37(c)(1) (2005) reads as follows:

(c)(1) The brief shall contain the following items under appropriate headings and in the order indicated in paragraphs (c)(1)(i) through (c)(1)(x) of this section, except that a brief filed by an appellant who is not represented by a registered practitioner need only substantially comply with paragraphs (c)(1)(i) through (c)(1)(iv) and (c)(1)(vii) through (c)(1)(x) of this section:

....

(v) *Summary of claimed subject matter.* A concise explanation of the subject matter defined in each of the independent claims involved in the appeal, which shall refer to the specification by page and line number, and to the drawing, if any, by reference characters. For each independent claim involved in the appeal and for each dependent claim argued separately under the provisions of paragraph (c)(1)(vii) of this section, every means plus function and step plus function as permitted by 35 U.S.C. 112, sixth paragraph, must be identified and the structure, material, or acts described in the specification as corresponding to each claimed function must be set forth with reference to the specification by page and line number, and to the drawing, if any, by reference characters.

....

(ix) *Evidence appendix.* An appendix containing copies of any evidence submitted pursuant to §§ 1.130, 1.131, or 1.132 of this title or of any other evidence entered by the examiner and relied upon by appellant in the appeal, along with a statement setting forth where in the record that evidence was entered in the record by the examiner. Reference to unentered evidence is not permitted in the brief. See § 41.33 for treatment of evidence submitted after appeal. This appendix may also include copies of the evidence relied upon by the examiner as to grounds of rejection to be reviewed on appeal.

(x) *Related proceedings appendix.* An appendix containing copies of decisions rendered by a court or the Board in any proceeding identified pursuant to paragraph (c)(1)(ii) of this section.

The "Summary of claimed subject matter" appearing on pages 6-10 of the Appeal Brief filed March 3, 2006 is deficient because it does not map the independent claims to the **specification**. The Appeal Brief is also missing the "Evidence appendix" and the "Related proceedings appendix."

Correction is required.

Accordingly, it is

ORDERED that the application is returned to the Examiner:

- 1) for notification to appellants to submit a substitute Appeal Brief which corrects the "Summary of Claimed Subject Matter" and includes the "Evidence appendix" and "Related proceedings appendix";
- 2) for consideration of the substitute Appeal Brief; and
- 3) for such further action as may be appropriate.
